### Stay Rested Through the Holiday Rush

The holidays get busy – keep your sleep on track by staying consistent with your CPAP therapy and replacing worn equipment.

#### ★ **Lighten Your Load**

- Simple add-ons like CPAP wipes, CPAP soap, or small accessories can make daily cleaning quick and stress-free – one less chore on your list.

#### ✈ **Traveling?**

- Ask about renting or purchasing a CPAP travel machine. Check out our CPAP wipes that are perfect for cleaning on the go.

#### 🎁 **Stocking Stuffers (<\$50)**

- Joey hose covers • travel wipes • CPAP soap • end-table mats • extra filters

#### 👂 **Use Your Benefits**

- Most plans reset in January – now is a great time to replace masks, tubing, filters, or water chambers.
